

### **Three minutes that are worth it ...**

As an all-embracing consultancy and professional education company it is our aim to increase the efficiency of your company with all possible means. With the assistance of our specialist which you can consult on a facultative basis we alter rigid structures that decelerate your company's success.

Skilled and well experienced personnel of timefox consultancy will support you - beginning with the implementation of product-specific channels of distribution up to change management.

In response to the results of the as-is-analysis, which is performed in the course of your consultation, the necessary structural shifts can be put into action. In such a case the department for further professional training performs necessary measures with the help of our coaches, trainers, and mediators. As a basis we use our scientifically approved screening method with which we assess the specific characteristics of your employees and executives.

This method enables us to compare present business opportunities and their requirements. We will show how you can utilize your resources and potential prospects. timefox is able to detect qualitative features as strategic and cooperative executive behavior, consensus motivation, social appearance as well as 40 further characteristics of your employees.

With the help of that method timefox supports your employees from their point of education. With our further education program we improve your employees' performance sustainably. Our coaching forms the basis for effective personality development.

Our consultancy services are based on the competence of 140 different consultants, trainers, and coaches which stand out for their practical experience and moreover for their didactical know-how. Furthermore, our range of services has grown in the meanwhile to an extent that we can attract customers from all different kinds of businesses for the service "made by timefox consultancy". Please, visit our website! We offer a multitude of incentive events.

Make use of our offer to reward your members of staff in a different way. Especially our incentive events will help you discover hidden facets of your co-workers, which can be helpful and supportive for your company. This playful approach does not only work as an instrument to encourage and to motivate your employees but also reveals their prospective potential. Such an incentive event is only one example for the considerable amount of opportunities, with which we successfully improve professional structures, explore new fields of business, and with which we work solution oriented.

**... let's talk about it!**
